vaginal tone and elasticity (Mayo Clinic, 2010), and antidepressants, such as Wellbutrin (bupropion)

Possession of more than a small amount for personal use: fine or prison up to five years

Zinc he told me the residents are all "packing" weapons and would probably stop and question me.

You can’t focus endlessly on women’s choices to participate in sex work when not all the workers had a choice.

Technology developments, affordability and even availability of healthcare is a serious challenge even
